Hearing you can feel

At MicroTech™, we believe better hearing helps you feel connected to your world in a richer and more personal way.

When you make the decision to wear hearing aids, you begin a journey to overall health that starts with hearing wellness and results in a fuller, more complete life.

Kinnect® iQ, MicroTech’s most advanced technology with supreme sound quality and premium features, is customizable to fit your unique hearing needs and keep you connected to the people and things you love most.

Superior Sound uses cutting-edge technology to deliver true listening enjoyment.
Made for a happy, healthy life

Hearing loss isn’t just an ear issue, it’s a quality of life and health issue. It can occur for natural reasons, but other causes might surprise you.

Older adults* with impaired hearing may have a shorter lifespan than their peers without hearing problems.¹

*70 years and older

People* with a hearing loss experience a 30-40% faster decline in cognitive abilities compared to peers without hearing loss.²

*75 years and older

People with low-frequency hearing loss are considered at risk for cardiovascular events.³

Adults with untreated hearing loss were more likely to report depression, anxiety and paranoia than peers who wore hearing aids.⁴

*50 years and older

Adults with untreated hearing loss are more likely to develop dementia.⁶

There is a significant association between high blood pressure and untreated hearing loss.⁷

People with mild hearing loss are 3x more likely to have a history of falling.⁸

90-95% of people with hearing loss can be treated with hearing aids.⁹

Simply put, Kinect IQ hearing aids are made for the speed of life.

Kinect iQ hearing aids are made so people with hearing loss won’t have to miss a single sound that brings them joy. They are made knowing people who hear better, live better.
Our latest smartphone compatible hearing aids and our easy-to-use TruLink Hearing Control app are engineered to work specifically with Apple® and Android™ devices. Together, *Kinnect iQ* and *TruLink*® deliver the most personalized hearing experience ever, and are designed to:

- Provide natural hearing and effortless transitions as you go about your day
- Deliver pristine audio and exceptional listening clarity
- Preserve peace and quiet while amplifying the important things
- Help you better understand conversations and hear comfortably
- Stream phone calls, music and messages directly from your iPhone® to your hearing aids*

*Only available with Apple devices.*
Kinnect iQ intuitively connects to your Apple and Android devices via Bluetooth technology and MicroTech’s easy-to-use TruLink app. TruLink offers additional features designed to enhance anywhere you go — so you can easily enjoy everything you do.

**PERSONALIZED CONTROL**

Personalized Control in the TruLink app lets you make adjustments to SoundSpace and Noise Manager to suit your preferences in different listening environments.

**PHONE CALLS**

Answer your calls with the touch of a button and hear an entire conversation streaming directly to your Kinnect iQ hearing aids via Bluetooth® technology.*

**REMOTE CONTROL**

Using the remote control feature in the TruLink app, you can change volume and switch memories on your hearing aids right from your smartphone.

* Only available with Apple devices.
TRULINK MEMORIES

You can create up to 20 TruLink Memories using the SoundSpace tool on the TruLink app.

You can even geotag memories using the build-in GPS on your smartphone. A geotagged memory will recognize where you are and automatically adjust your Kinnect iQ hearing aids when you enter that space. For instance, a geotagged “coffee shop” memory will automatically activate when you walk into your favorite coffee shop.

AUTO EXPERIENCE MANAGER

Automatically adjusts your Kinnect iQ hearing aids’ loudness over time to help you transition to your new hearing experience in the most comfortable way possible.

PRISTINE AUDIO STREAMING

Kinnect iQ hearing aids provide direct streaming of phone calls, music and media from your iPhone — so you can enjoy clear communication and pristine audio streaming any time, anywhere, for impressive, immersive sound.*

APPLE WATCH COMPATIBLE

Use the TruLink app for Apple Watch® to control volume, change memories and mute your hearing aids right from your wrist.*

* Only available with Apple devices.
You can have Siri® read texts and emails directly to your Kinnect iQ hearing aids.*

**SIRI INTEGRATION**

You can have Siri® read texts and emails directly to your Kinnect iQ hearing aids.*

**FIND MY HEARING AIDS**

Easily locate lost hearing aids using the Find My Hearing Aids feature, with both a location and timestamp. A signal detector sends a stronger or weaker signal based on how close you are to locating your Kinnect iQ hearing aids.

**LIVE MICROPHONE**

Simply set your iPhone nearby, turn on the microphone feature and stream conversations directly to your Kinnect iQ hearing aids. You may also record, play back and email audio as it happens or save recordings to listen to later.*

**REAL-TIME NOTIFICATIONS**

Notifications for phone calls, texts, emails or other apps can be streamed directly to your Kinnect iQ hearing aids.*

**TRULINK ADAPTIVE CAR MODE**

With TruLink’s Adaptive Car Mode, Kinnect iQ hearing aids will automatically change to a setting designed to reduce the annoying sounds of driving and enhance your overall driving experience.

* Only available with Apple devices.
MicroTech is proud to introduce our newest accessory — TruLink Remote.

Since TruLink Remote works with or without a smartphone, Kinnect iQ is accessible to anyone. You can also control memory and volume, mute your hearing aids and turn other special features on and off.

Many hearing aid wearers still prefer a remote control as an accessory for their hearing aids. TruLink Remote provides the utility you deserve with the fast-acting features you need.
Tastes in music may be unique, but the power of music is universally understood.

Thanks to the processing power in Kinnect iQ hearing aids, you can enjoy your favorite music in a whole new way with features that:

- Focus on music audibility, desired loudness and sound quality
- Make soft music sounds audible
- Allow on-demand and automatic control

The result is listening enjoyment for the way you want to hear music — automatically and in your control.

“Life seems to go on without effort when I am filled with music.”
- GEORGE ELIOT

*Only available with Apple devices. Features may vary by technology level.
From the beginning, our hearing solutions have enabled people to hear better in challenging environments – and live a better life.

With Kinnect iQ hearing solutions from MicroTech, you’ll begin to hear all the subtleties of life: the inflection in the voice of a spouse or the nuances in the notes of a favorite song. Whether it’s one-on-one or in the most crowded places, you’ll hear the world around you.

What you need will depend on how busy and active you are, and what types of environments you frequent.

Made for everywhere you are

What is your hearing lifestyle?

Our lineup of products enhances many different listening environments. Talk to your hearing professional about which options fit your lifestyle best.

Kinnect iQ hearing aids are available in two styles and a variety of colors. Consult your hearing care professional and start experiencing the discreet, sleek style of MicroTech’s Kinnect iQ hearing aids.

The TruLink Hearing Control app, partnered with Kinnect iQ, is easy and intuitive to use with iPhone and select Android devices.
Our Founder and CEO, William F. Austin, has always held a strong belief that the gift of better hearing results in a fuller and richer life.

We prove our dedication to this philosophy daily, through our support of Starkey Hearing Foundation. And for every MicroTech hearing aid purchased, we help someone in need.

The gift of hearing opens up new worlds of opportunity. It connects individuals to life and helps them realize they can accomplish more than they ever thought possible. Starkey Hearing Foundation uses hearing as a vehicle to change lives around the world.

Made to help millions.

Starkey Hearing Foundation uses hearing as a vehicle to change lives around the world. Made so the world may hear.
Made for you
